	4. In “First Name” field insert first name „David“	First name is properly inserted
	5. In “Last Name” field insert last name „Smith“	Last name is properly inserted
	6. In “ Email” field insert email „davidsmithtest777@example.com“	Email is properly inserted
	7. In „Password“ field insert password „davidsmith123!“	Password is properly inserted and displayed as dots
	8. In „Confirm Password“ field insert non matching confirm password	Confirm password is properly inserted and displayed as dots
	9. Click button with label Create an Account	User stays on create account page and proper error message „Please enter the same value again.“ is displayed

## Home page test cases

<b>Test case ID</b>	TC 01	
<b>Test Case Name</b>	Verify number of products	
<b>Steps</b>	<b>Description of steps</b>	<b>Expected results</b>
	1. Open Chrome	Chrome is opened
	2. Navigate to „https://magento.softwaretestingboard.com/“	<a href="https://magento.softwaretestingboard.com/">https://magento.softwaretestingboard.com/</a> - Home Page is displayed
	3. Count the number of products in category Hot sellers on Home page	The products in category Hot sellers on Home page are successfully counted

## Login page test cases

<b>Test case ID</b>	TC 01	
<b>Test Case Name</b>	Verify successful login	
<b>Steps</b>	<b>Description of steps</b>	<b>Expected results</b>
	1. Open Chrome	Chrome is opened
	2. Navigate to „https://magento.softwaretestingboard.com/“	<a href="https://magento.softwaretestingboard.com/">https://magento.softwaretestingboard.com/</a> - Home Page is displayed
	3. Click on Sing In link	Sign In page is displayed
	4. In “ Email“ field insert email „davidsmithtest777@example.com“	Email is properly inserted
	5. In „Password“ field insert password „davidsmith123!“	Password is properly inserted and displayed as dots
	6. Click button with label Sign In	User is logged in. Magento Homepage is displayed.

<b>Test case ID</b>	TC 02	
<b>Test Case Name</b>	Verify unsuccessful login with empty email	
<b>Steps</b>	<b>Description of steps</b>	<b>Expected results</b>
	1. Open Chrome	Chrome is opened
	2. Navigate to „https://magento.softwaretestingboard.com/“	<a href="https://magento.softwaretestingboard.com/">https://magento.softwaretestingboard.com/</a> - Home Page is displayed
	3. Click on Sing In link	Sign In page is displayed
	4. In “ Email” field don’t insert email	Email is not inserted
	5. In „Password“ field insert password „davidsmith123!“	Password is properly inserted and displayed as dots
	6. Click button with label Sign In	User stays on login page and proper error message „This is a required field.“ is displayed

<b>Test case ID</b>	TC 03	
<b>Test Case Name</b>	Verify unsuccessful login with empty password	
<b>Steps</b>	<b>Description of steps</b>	<b>Expected results</b>
	1. Open Chrome	Chrome is opened
	2. Navigate to „https://magento.softwaretestingboard.com/“	<a href="https://magento.softwaretestingboard.com/">https://magento.softwaretestingboard.com/</a> - Home Page is displayed
	3. Click on Sing In link	Sign In page is displayed
	4. In “ Email“ field insert email „davidsmithtest777@example.com“	Email is properly inserted
	5. In „Password“ field don’t insert password	Password is not inserted
	6. Click button with label Sign In	User stays on login page and proper error message „This is a required field.“ is displayed

Test case ID	TC 04	
Test Case Name	Verify unsuccessful login with invalid email	
Steps	Description of steps	Expected results
	1. Open Chrome	Chrome is opened
	2. Navigate to „https://magento.softwaretestingboard.com/“	<a href="https://magento.softwaretestingboard.com/">https://magento.softwaretestingboard.com/</a> - Home Page is displayed
	3. Click on Sing In link	Sign In page is displayed
	4. In “ Email” field insert <b>invalid</b> email	Email is properly inserted
	5. In „Password“ field insert password „davidsmith123!“	Password is properly inserted and displayed as dots
	6. Click button with label Sign In	User stays on login page and proper error message „Incorrect CAPTCHA“ is displayed

<b>Test case ID</b>	TC 05	
<b>Test Case Name</b>	Verify unsuccessful login with invalid password	
<b>Steps</b>	<b>Description of steps</b>	<b>Expected results</b>
	1. Open Chrome	Chrome is opened
	2. Navigate to „https://magento.softwaretestingboard.com/“	<a href="https://magento.softwaretestingboard.com/">https://magento.softwaretestingboard.com/</a> - Home Page is displayed
	3. Click on Sing In link	Sign In page is displayed
	4. In “ Email“ field insert email „davidsmithtest777@example.com“	Email is properly inserted
	5. In „Password“ field insert <b>invalid</b> password	Password is properly inserted and displayed as dots
	6. Click button with label Sign In	User stays on login page and proper error message „Incorrect CAPTCHA“ is displayed

<b>Test case ID</b>	TC 06	
<b>Test Case Name</b>	Verify successful logout	
<b>Steps</b>	<b>Description of steps</b>	<b>Expected results</b>
	1. Open Chrome	Chrome is opened
	2. Navigate to „https://magento.softwaretestingboard.com/“	<a href="https://magento.softwaretestingboard.com/">https://magento.softwaretestingboard.com/</a> - Home Page is displayed
	3. Click on Sing In link	Sign In page is displayed
	4. In “ Email” field insert email „davidsmithtest777@example.com“	Email is properly inserted
	5. In „Password“ field insert password „davidsmith123!“	Password is properly inserted and displayed as dots
	6. Click button with label Sign In	User is logged in. Magento Homepage is displayed
	7. Click on dropdown in the menu	Dropdown is succesfully opened
	8. Click on Sign Out link from the dropdown	User is logged out. Magento Logout page is displayed

## What's new page test cases

Test case ID	TC 01	
Test Case Name	Verify successful add product to cart	
Steps	Description of steps	Expected results
	1. Open Chrome	Chrome is opened
	2. Navigate to „https://magento.softwaretestingboard.com/“	<a href="https://magento.softwaretestingboard.com/">https://magento.softwaretestingboard.com/</a> - Home Page is displayed
	3. Click on What's new link in the menu	Magento What's new page is displayed
	4. Navigate to product and click product size button	Product size selected successfully
	5. Click on product color	Product color selected successfully
